Will Ask C.N.R. to Extend Line South.

Railway Would Extend From Brazeau Line to South; Want Early Survey

After two hours discussion Thursday afternoon the legislature unanimously adopted a resolution proposed by N. S. Smith (Olds), that the Canadian National railways be requested to take steps to have a survey and location for a branch line starting at a point on the Brazeau line and running in a southerly direction to Calgary, serving the territory lying between the C. & E. railroad and the foothills country; the survey to be made during the present year and construction proceeded with as soon as possible thereafter.

Mr. Smith pointed out that the settlers in this district had moved in on the promise of a railway when a charter was granted to the Canadian Northern Railway company in 1910. The country had never known a crop failure but many of the settlers were considering moving out on account of lack of transportation facilities and the consequent cost of marketing grain and livestock. He was supported in his contention by Premier Brownlee, A. B. Claypool (Didsbury), Alex Moore (Cockrane), E. G. Cook (Pincher Creek), Sam Brown (High River), Mrs. Nellie McClung (Edmonton), and George Hoadley, Minister of Agriculture. R. C. Marshall (Calgary) also supported the resolution and at his suggestion the request was made to the Canadian National railways instead of the Dominion government as originally stated.

J. C. Bowen, leader of the opposition; A. L. Giroux (Grouard), and Joseph Dechene (Beaver River), while they did not vote against it, opposed the principal of sending such resolution to Ottawa, and held that there were other districts in the province which were equally in need of branch lines.

Will Sell Power Direct.

Calgary Power Company Submits Definite Offer to Towns North and South.

A definite proposition to sell power to towns so far north as Red Deer and south to High River is being placed before the officials of the various centres at the present time, according to a statement made by G. H. Gaherty, managing director of the Calgary Power Co., on Thursday morning to the Calgary Herald. A definite announcement in this connection was expected in a few days.

The company was ready to go ahead with the construction of the two lines immediately the towns had agreed to the proposition, he said. He estimated that the total cost of the construction of the two lines would (Continued on page 8)

Didsbury Farmer Now at the Capitol.

(Calgary Herald)

Adolph Kronenburg, of the Hague, Holland, came to Calgary two weeks ago, and presented himself before the officials of the Land Settlement Board. He was duly interviewed by a Herald reporter. Mr. Kronenburg, at the time, said he was here for the purpose of farming, which occupation he intended to take up later. He did so. He was sent to Didsbury.

On Friday the Herald received a call from the Capital theatre, and John Hazza told about a wonderful new singer he had engaged. The singer turned out to be Kronenburg, the man who went to farm at Didsbury.

The same day a Herald reporter saw Kronenburg, and he told his story. It appears he had every intention of farming here, but he found the work too hard. In broken English he told of working till 10 o'clock at night, and then in the morning was awakened at 5.30 for more work.

"I milk the cows," he said. "I clean the horse-six. I hitch to the plow. I slaughter the pig and the bull and make sausage. I do many things, but too much to do. I know I can sing so I see Mr. Hazza and I engage. I have sung in Paris, Berlin, Brussels, Hamburg and ozer places. Before the Queen of Holland I sing, and on her birthday she gave me this gold medal." Which he proudly displayed.

Mr. Hazza of the Capital, and also Mr. Godwin, the musical director, say that Kronenburg has a most wonderful baritone voice and that Capitol audiences are in for a real treat when he sings there.

Did sbury Opera House.

"Behind the Front" is being shown at the Didsbury Opera House on Saturday, April 3rd.

Military experts were hired by the production department of Famous Players-Lasky Corporation during the filming of "Behind the Front." As those who have read Hugh Wiley's story, which was originally called "The Spoils of War", know, it is a comedy of the American Expeditionary Forces in France, and particularly of the exploits and adventures of Wallace Berry and

RED ROSE TEA

"is good tea" TEA

And because you like good things you'll like Red Rose.

A Year of Activity

With the coming of April, Western Canada will be away to a good start on another year of development and progress which, from present indications, promises to surpass any year since before the war. There are tangible and solid reasons providing a basis for this belief and offering encouragement to all Canadians who have a firm conviction of the future greatness of their country.

The financial statement of the C.P.R. for 1925 was the best one for the past nine years, and, after paying all expenses of operation, debenture interest and a ten per cent. dividend, provided an ample surplus of some millions of dollars. The financial showing of the Canadian National Railways was particularly gratifying and resulted in the largest operating surplus yet recorded, and bringing within measurable distance the time when the National's earnings will be sufficient to also take care of all interest charges.

From the position occupied a few years ago of being seventh among the nations as an exporting country on a per capita basis, Canada last year achieved second place, and at no time since war activity ceased has industry and trade generally been so promising or expanding so satisfactorily. All the annual meetings of Canada's largest corporations and institutions have heard the same story of betterment taking place last year, and with even brighter prospects for 1926.

During the past two weeks the Western Grain Pools paid out over \$37,000,000 in cold cash to the farmers of Manitoba, Saskatchewan and Alberta as a further payment on account of their 1925 crops, a truly enormous sum of money to be placed in circulation right at the outset of a new season's operations.

This huge second payment helps one to realize the fact that the cash value of wheat delivered by farmers at country stations during the four and one-half months, August 1 to December 5, 1925, was \$338,500,000, or an average of \$1,300 per farm, with 55,000,000 bushels still to be marketed. Not only is this a new record, but these 4½ months of 1925 beat the whole of the preceding twelve months by no less than \$50,000,000, and was \$35,000,000 greater than 1923-24, \$89,000,000 greater than 1922-23, and \$130,000,000 greater than 1921-22.

During 1925 a larger acreage of farm lands was sold in the three Western Provinces than in the three years of 1922, 1923 and 1924 combined, and practically all direct to land users. In addition to the 673,062 acres thus sold by companies, homestead entries totalled 635,840 acres, or a total of 1,308,902 acres taken up last year.

There are but a few of the basic reasons for the increased development and progress which may be confidently expected this year. The effect is already noticeable in increased building activity all over the West which now promises to surpass anything witnessed for a considerable number of years past, and in the expanding operations of most big industrial concerns in the East.

Another evidence that new created wealth will find its way into channels leading to development and greater business activity is found in the fact that during the past couple of years the indebtedness of Western municipalities, school districts, and other public and semi-public bodies has been largely decreased, and new wealth instead of going to liquidate old debts will be available for new undertakings and progressive development. In Saskatchewan, for example, the Local Government Board report for 1925 states that many municipalities and school districts have cleared themselves of all debenture indebtedness so that the tax rate can now be materially reduced and all current revenues devoted to constructive and maintenance purposes. It is further stated that the amount of debenture indebtedness repaid during 1925 far exceeded the amount of all new capital loans made.

With the opening of spring activities in all branches of human endeavor in Canada, and particularly in the West, the situation is most hopeful and more encouraging than for a decade. Nothing in the nature of the old time booms is looked for, and certainly is not to be desired, but it is quite apparent that the time is opportune for the progressive, far-seeing man, whether on the farm or in town or city, to draw away from the more conservative policy which the past few years, and generally unsettled conditions, forced upon him and move forward in a larger, more vigorous policy. The opportunities which 1926 offers should not be ignored nor neglected.

The wise man not only lets his wife have the last word, but he is tickled to death when she reaches it.

A barber in Wichita, Kas., has his shop in an auto and calls on his trade when needed.

A hyphen is the only plausible excuse for breaking your word.

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monocyclic-acidester of Salicylicacid (Acetyl) Salicylic Acid, "A. S. A. S.". While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

Greatest Wheat Producer

Saskatchewan Leads in Production of Wheat, Oats and Flax

A survey of agricultural returns reveals that Saskatchewan, in addition to being the leading wheat producing province of the Dominion, is also the heaviest producer of oats in Canada, and similarly leads in the output of flax seed. Manitoba leads as a producer of barley and rye. Ontario is the greatest producer of alfalfa, whilst Quebec leads in the yield of hay and clover.

A TIRED FEELING IN SPRINGTIME

Not Sick, But Not Up to the Mark — You Need the Help of That Sterling Tonic, Dr. Williams' Pink Pills — They Give New Vitality.

With the passing of winter many people feel weak, depressed and easily tired. The body lacks the vital force and energy pure blood alone can give. In a word, while not exactly sick, the indoor life of winter has left its mark upon them. A blood-building, nerve-restoring tonic is needed to give renewed health and energy. Dr. Williams' Pink Pills are an all-year-round blood builder and nerve tonic, but are especially useful in the spring. Every dose helps to make new, rich, red blood, and with this new blood returning strength, cheerfulness and good health quickly follow.

If you are pale, easily tired, or breathless at the least exertion, if your complexion is poor or you are troubled with pimples or eruptions, Dr. Williams' Pink Pills are just what you need to put you right. If you have twinges of rheumatism, are subject to headaches and backaches, if you are irritable and nervous, if your sleep does not refresh you, or your appetite is poor, you need the treatment Dr. Williams' Pink Pills alone can give—you need the new blood, new strength and new energy this medicine always brings. Mrs. Emma Fraser, Thessalon, Ont., says: "Two years ago my nervous system was in such a condition that life seemed a burden. I could neither work, eat or sleep well. I tried several medicines, but did not get any relief. Indeed my condition seemed to be growing worse. Then Dr. Williams' Pink Pills were brought to my attention and I decided to try them. After using a few boxes there was no room to doubt that they were helping me. I continued their use until I had taken eight boxes, when I was completely restored to health, and I have not any time since had a symptom of the trouble. When I began the use of the pills I weighed only 96 pounds, while under their use, with my renewed health I now weigh 125 pounds. I feel it impossible to praise Dr. Williams' Pink Pills too highly."

Keep Your System Toned Up Try Dr. Williams' Pink Pills for anaemia, rheumatism, neuralgia, indigestion or nervousness. Take them as a tonic if you are not in the best physical condition and cultivate a resistance that will keep you well and strong. You can get these pills through any medicine dealer or by mail at 50c a box from the Dr. Williams Medicine Co., Brockville, Ont.

If you are unable to finance a trip to a winter resort you can have just as much fun ridiculing the wealthy loafers that do.

Rub it in for Lame Back.—A brisk rubbing with Dr. Thomas' Electric Oil will relieve lame back. The skin will immediately absorb the oil and it will penetrate the tissues and bring speedy relief. Try it and be convinced. As the liniment sinks in, the pain comes out and there are ample grounds for saying that it is an excellent article.

Through Service For Steamship Passengers

Canadian Pacific Railway Inaugurates Through Tourist Sleeping Car Service

For the convenience of western passengers enroute to the Old Country, the Canadian Pacific Railway have inaugurated a through tourist sleeping car service from Winnipeg to Saint John, N.B.

These cars will leave Winnipeg on "The Imperial" at 10.00 a.m. every Tuesday until April 20th, providing through service to the ship's side at Saint John.

This service will prove extremely popular with passengers from the prairie provinces, eliminating as it does, changing trains at Montreal.

She (enthusiastically): Oh, I would have given anything in the world for that vase.

He: Well, why didn't you buy it?

She: Buy it! Why, the man wanted five dollars for it."

Minard's Liniment used by physicians

W. N. U. 1621

Why Torture Yourself?

As we get along in life most of us experience rheumatic and other pains, consoling ourselves with the knowledge we are no exceptions to the general rule. Instead of carefully investigating the cause of the pain, as we naturally would do if a horse, cow or pet dog were the sufferer, we grin and bear it or, if it gets too bad, get something to relieve it for a while. It, however, we candidly admit the fact that our own pains and ninety-five per cent. of those of other people are caused by the wrong foods we eat and they are regularly eating, whether we require food or not, an enormous amount of suffering could be avoided by mending our habits.

Man only, out of all creation, destroys, by cooking and refinement, his food values which, if retained as originally intended, would preserve his disease resistance to the end of long, healthy and enjoyable life. No man or woman whose diet is constantly robbed by refinement and cooking of those potassium and other salts, lavishly provided by Nature, can hope or expect to remain in normal health. Most of the deadly diseases, including cancer and rheumatism, are caused by potassium deficiency in the sufferers' systems, and the fact that, in advanced cases of the two named maladies, it is almost impossible to detect differences between blood samples from each under a high powered microscope, emphasizes the original cause of both. Yet, in apparently hopeless cases of both these and other diseases of similar origin, if the potassium deficiency be remedied the malady will retrograde until, with the elimination of poisons from the blood under home treatment and sane diet, those who will thus help themselves can win back health and prolong their lives. Threatened by rheumatism with crippled and curtailed existence, the writer, now past his sixtieth birthday, acted on the above simple directions and, freed from pain and fully enjoying life, heartily wishes a like relief to other sufferers. Charles Walter, 51 Brunswick, Ave., Toronto.

Lethbridge Irrigation District

The Lethbridge northern irrigation department has placed 138 new settlers on the project up to January 31st, 1926, and had registered 377 home place farm units to a total of 53,262 irrigable acres, or an average farm unit of 141 irrigated acres, according to the annual report of the manager, James Pike.

Cause of Asthma. No one can say with certainty exactly what causes the establishing of asthmatic conditions. Dust from the street, from flowers, from grain and various other irritants may set up a trouble impossible to eradicate except through a sure preparation such as Dr. J. D. Kellogg's Asthma Remedy. Uncertainty may exist as to cause, but there can be no uncertainty regarding a remedy which has freed a generation of asthmatic victims from this scourge of the bronchial tubes. It is sold everywhere.

Love may make the world go round, but it makes young men's arms go around waist places.

Miller's Worm Powders act so thoroughly that stomachic and intestinal worms pass from the child without being noticed and without inconvenience to the sufferer. They are painless and perfect in action, and at all times will be found a healthy medicine, strengthening the infantile stomach and maintaining it in vigorous operation, so that, besides being an effective vermifuge, they are tonical and health-giving in their effects.

The Sheep Industry

It is estimated that forty thousand lambs, or twenty-five per cent. more than last winter, are on feed or have been finished and sold in the Lethbridge and Calgary districts. One company has 10,000 head fattening on screenings at Calgary.

BRAZILIAN VETO KEEPS GERMANY OUT OF LEAGUE

Geneva.—The assembly of the League of Nations ended its labors and the principal object for which it had been convened remained unaccomplished. Germany's election to the league has been postponed until the September session, and, necessarily, Germany has been compelled to forego the honor of a permanent seat in the league council. After ten days of negotiations, Brazil maintained her decision, to veto Germany's election unless she herself was accorded a permanent seat in the council.

When the assembly met, Senor Mello Franco announced Brazil's decision and immediately Sir Austen Chamberlain, the British foreign secretary, proposed postponement of Germany's election until the fall.

Italy alone, of all the great powers represented permanently in the council, refrained from joining in the expression of regret that Germany had to content herself outside the league for the time being.

This silence of Mussolini spokesmen was the outstanding subject of comment in Geneva, when all men were plainly worried about the future of the league, because of fears that this setback would be very difficult to overcome.

The council, in secret session, immediately attacked the problem of revision of the statutes of the league. It decided upon the immediate appointment of a special commission to probe the entire problem.

Japs Demand Apology

Formal Apology From China Is Required But No Force To Be Used

Tokyo.—The cabinet has decided to instruct Kenk-Yoshizawa, Japanese minister at Peking to demand from China a formal apology to the Japanese flag, the punishment of guilty Chinese and the indemnification of the wounded for the action of the Kuomintang (National army) troops in firing upon two Japanese destroyers in the Pei River last week when one Japanese officer was killed and several wounded.

Minister Yoshizawa was instructed to negotiate the details for the carrying out of the demands and to make them as lenient as possible.

It is said that no matter whether China accepts the responsibility or not, Japan does not intend to resort to force, but if no agreement is reached, might take the matter up to the world court. It is pointed out that a friendly and peaceful result is Japan's main idea.

Financial Standing Is Good

Hall Insurance Board of Alberta Has Successful Year

Calgary.—At an annual meeting of the Hall Insurance Board of Alberta here the directors' report stated that the financial standing of the board was the strongest this year since its formation. Manager A. H. Toovell stated that the liabilities at the bank, which had hung like a millstone on the board for years, entirely disappeared. The reserve fund and surplus was \$700,644.55. The total risk carried last season had been \$10,886,243, which was approximately 20 per cent. greater than the risk of the previous year.

Want New Railway

Charter Will Be Asked For Line Through Red Lake District

Ottawa.—Parliament will be asked at the present session to grant a charter for a railway from Quibell, Man., through the Red Lake district to a point on the Hudson Bay division of the Canadian National Railways near The Pas, Man.

The bill for incorporation is now being drafted. The name proposed is the Red Lake and Northwestern Railway Company.

Forming Nobility Colony

Winnipeg.—As a result of the efforts of the Canada Colonization Association, Manitoba is developing a colony of Hungarian nobility. Four families of the Hungarian nobility have purchased farms adjoining each other.

W. N. U. 1621

Last Week In The Alberta Legislature

Marked Improvement In School Attendance Is Indicated By Report

Edmonton.—The ranks of the Liberal opposition in the provincial house have been thinned by the elevation of their leader, Hon. C. R. Mitchell, to the Supreme Court Bench of the province. As house leader the Liberals selected Mr. J. C. Bowen, an Edmonton member. Mr. Bowen is in the insurance business in Edmonton. There are now nine Liberals in a house of 53 members.

Considerable time was spent in discussion of a resolution put forward by the government asking that the Dominion assign to the province the power rights on the Spray Lakes site, with the option of the province developing power themselves, or controlling development by a private company. The Spray Lakes site is within the Banff National Park area, and for that reason there has been considerable objection to any development work there, but the government resolution stated that the work would not in any way affect the scenic beauty of the park.

An amendment was brought forward by the opposition, couched in somewhat similar terms to the government resolution, but calling for the ownership of the Spray Lakes site by the province.

The resolution passed by a 35-9 majority, Premier Brownie denouncing the opposition for wasting the time of the house by an amendment, almost the same as the government resolution.

A marked improvement in school attendance throughout the province is indicated by figures submitted by the minister of education, Hon. Perreé Baker. The number of children of school age who did not receive one hundred days of schooling in 1925 was 36,145, as compared with 60,641 in 1920.

School grants paid in 1925 totaled \$1,102,342.47 as compared with \$920,932.52 in 1920.

For some days past the house had been working on the details of new Insurance and Municipal Districts Act. The Insurance Act is designed to bring the law governing companies into closer conformity with similar laws in other provinces. It contains 497 clauses, but these are principally non-contentious.

The Municipal Districts Act contains over 400 clauses. Most of these are also non-contentious, but discussion has arisen over these clauses which make property qualifications imperative for councillors and voters. Labor members point out that a man could be elected premier without property qualifications, but not to membership of a municipal council.

The other main argument was on the indigents question, some members insisting that the government take over the care of indigents, while the minister of municipalities maintained that indigents could be more sympathetically, efficiently and economically handled by local organizations.

Indians Dream Of Wealth

Excited Over Coal Find On Simpson Reserve In B.C.

Vancouver.—A special dispatch to the Province from Prince Rupert, B.C., says:

"There is intense excitement at Port Simpson, where the Indians have discovered an outcropping of coal on the reserve. The whole property has been staked and steps taken to record it. No work on it has yet been done, but the Indians are very hopeful. The whole of the United Church Mission property is included in the blocked out area."

Port Simpson is on the British Columbia coast at the mouth of the Skeena River, south of Prince Rupert.

World's Press Conference

Geneva.—At its public session here the league council adopted a report by Foreign Minister Vandervelde, of Belgium, favoring the convocation of a meeting of press experts to prepare for a world's press congress, looking to better communication facilities between the various continents.

Will Consider Minimum Wage Law

Ottawa.—The proposal for a federal law on the minimum wage, introduced in the House of Commons by J. S. Woodsworth, Labor, Winnipeg North Centre, will be considered by the committee on International and Industrial Relations. Premier King made a motion to this effect in the House.

BANK DEPOSITS OF MR. BISAILLON RATHER HEAVY

Ottawa.—Questions put to J. E. A. Bisailon, former chief preventive officer in Montreal, by Hon. H. H. Stevens, during the progress of the customs investigation drew protest from Oscar Gagnon, counsel for the witness.

Mr. Bisailon had testified that he had abandoned the liquor business on the thirteenth of April, 1921. As an official of the customs department, his salary had been not higher than \$2,500 a year in any of the years following that date up to the time of his dismissal.

Mr. Stevens produced a record of deposits made by Mr. Bisailon in the four years, 1921 to 1924, inclusive. He asked the witness to explain how it was that, while earning this moderate salary, he had been able to deposit \$4,951 in 1921, \$4,099 in 1922, \$7,389 in 1923 and \$14,812 in 1924.

It was at this point that Mr. Gagnon intervened. He claimed that the witness should not be required to answer such a question unless he was given access to his own books and records. Mr. Bisailon said that the deposits referred to could be explained quite easily, but he must have time to examine his books.

"I object to this question," Mr. Gagnon said when Mr. Stevens asked for an explanation of the deposits. "You are examining my client on a document which he has not seen and without giving him an opportunity to examine it."

"You are treating him as an accused person when he is here as a witness," Mr. Gagnon claimed that the question was illegal and did not come within the law of evidence.

Fewer Veterans Are Settling On Land

Soldier Settlement Board Reports Big Decrease Last Year

Ottawa.—The number of soldier settlers established on the land in Canada with loans advanced by the Federal Government is decreasing rapidly. The report of the soldier settlement board of 1925 shows that 237 veterans were settled in this way, compared with 720 in 1924, and 1,153 in 1923. Regulations adopted in the 1924 session of parliament limits the benefits of the Soldier Settlement Act to those who made application prior to March 31, 1924.

To date a total of \$105,750,831 has been advanced to soldier settlers, plus interest paid charges of \$6,312,163. Of this amount \$408,802 was advanced for Indian soldier settlement.

Bay Line Motions Dropped

Ottawa.—Two proposed resolutions supporting the immediate construction of the Hudson's Bay Railway, and placed on the order paper by Progressive members, were dropped in the house at the request of their sponsors, when orders of the day were read.

The resolutions had been proposed by John Millar (Progressive, Qu'Appelle), and John Evans (Progressive, Rosetown).

Would Change System

Motion to Do Away With Cabinet Ministers Having to Seek Re-election

Ottawa.—Cabinet ministers will not be required to seek re-election when accepting cabinet position, if a motion placed on the order paper by A. E. MacLean, Liberal, Prince, is given effect.

Mr. MacLean's proposal, for which he will ask the approval of the house, will undoubtedly cause considerable debate.

Mr. MacLean, in his motion, points out that "the British Government, the mother of parliaments, has this session introduced a bill making it unnecessary for cabinet ministers to seek re-election when accepting cabinet positions, which has now passed the British House."

The adoption of a similar practice in Canada, he states, "will not in any way endanger the stability of our parliamentary institution, which every true Canadian desires to jealously safeguard."

Should Use Empire Products

Prince Urges Britain To Purchase Canadian Timber

London.—The Prince of Wales, presiding at the opening of the general meeting of the Empire Forestry Association, said that considering what excellent timber of every kind the empire produced, it seemed rather unfortunate that the United Kingdom should be dependent on foreign supplies.

Out of £46,000,000 worth of lumber imported last year, His Royal Highness said, only 13 per cent. was of empire production.

The Prince appealed to the large users of timber, such as railway companies and builders, when placing their orders to remember that Canada produced the finest soft wood timber in the world.

Wanted Conference Next Year

Canadian Government Favored 1927 For Calling Imperial Parley

Ottawa.—The Canadian Government was in favor of calling the Imperial conference in 1927 instead of next October.

This is revealed in the correspondence between the Baldwin Government in London and the Governor-General in Ottawa, tabled in the House of Commons.

Premier Baldwin, however, having intimated that the other dominions preferred to meet next October, and the British Government shared this view, the Canadian Government on February 19 last concurred in the proposal to call the conference for October of this year, and His Excellency cabled this decision to London.

Will Visit Victoria This Spring

Victoria.—In announcing details of a two weeks' sojourn on Vancouver Island this spring planned by Baron Byng, governor-general of Canada, and Lady Byng, the Times says that their excellencies will arrive in Vancouver on April 26. The vice-regal couple will proceed directly to the island, concluding their visit with a two-day stay here on May 16 and 17.

HINT IS GIVEN OF FORTHCOMING TAX REDUCTION

Ottawa.—Hon. J. A. Robb, minister of finance, gave a hint in the house of lower taxes. He hoped, he said, to work out something that would give a little relief to the people. But in what direction he did not indicate. Mr. Robb cited some comparisons which gave total per capita taxes in Canada at \$66.11; Australia, \$69.68; Great Britain, \$97.12 and United States \$67.39. "In other words," said Mr. Robb, "the per capita tax in the United States, the country where they boast much of reduction in taxation is \$67.39 as compared with \$66.11 in Canada."

Mr. Robb said that he was quite aware that taxes were unpopular things. Everybody wanted them reduced and a lot of people use the most ingenious methods to dodge them. The government of the day issued tax-free bonds during the war, and these bonds had found their way into the strong boxes of the rich who ought to contribute to public revenue, instead of remaining in the hands of the average citizen who purchased them. Whenever the question of taxation was discussed, it was impossible to evade the fact, said Mr. Robb, that Canada had committed herself to certain expenditures and liabilities during the war, that these liabilities were not as yet paid off, and that they would continue to be a charge on the public of Canada for many years to come.

Seek Platinum In Slave River District

Report of Find Has Not Yet Been Confirmed

Edmonton.—A staff correspondent of the Edmonton Journal who has made a special trip to the scene of the reported gold and platinum find on the Slave River near Fort Smith, says in a wireless dispatch from Fort Smith, N.W.T.:

"Company officials scout the idea of a platinum find, and generally have nothing to add to previous statements that it is only a prospect. The lead, which occurs between a limestone and granite contact, is being strapped crosswise by the company, and is stated to be 300 feet wide."

"While many rumors have risen regarding a platinum find, it appears that the location of this, if true, is known only to Dunn and his associates. The rumor arose through samples of platinum having been exhibited by the latter to various people at Fort Smith. It is rumored also that a third company is arranging to come into the field at the opening of navigation."

Boom In Agriculture

Big Development Expected In Western Canada In Next Few Years

Seattle.—Prediction that the next five years will witness the greatest agricultural development in the history of Western Canada was made here by R. C. W. Lett, Edmonton, who is returning to Canada from a tour of the Pacific coast states during which he visited all the large cities of California.

"Canada is the greatest market of the United States and the returning prosperity of Western Canada means a greater market."

"The farm problem in Canada has been, and is, much the same as that of the United States. Since 1915 there has been an agricultural depression that is gradually disappearing. Last year farmers of Western Canada got back on their feet and now their outlook is for an era of good times."

Has 72nd Operation

Baltimore.—Dr. Frederick Henry Baftler, Roentgenologist of Johns Hopkins Hospital and Medical School, and one of the most famous scientists in America, underwent his seventy-second operation as a result of X-ray burns.

Will Attend Forestry Convention

Victoria.—P. Z. Caverhill, chief forester of the Provincial Government, will leave here for Europe this week to represent British Columbia at the first world congress on forestry in Rome, April 29 to May 5.

C.P.R. Photo

The "Bull of Bashan" in Canada

Field Marshal Sir Edmund Allenby, the conqueror of Palestine and the deliverer of the Holy Land from the Turk and the modern Crusader who has achieved what had not been done since the Crusades, landed at Victoria recently from the S.S. Aorangi, which has come from Sydney, New South Wales, and touched Honolulu enroute. His Lordship is known because of his thrusting offensive in the war as the "Bull of Bashan" and is now making a trip across the Dominion. Photograph shows Lord Allenby and Lady Allenby.

When you buy John Deere implements you are sure of prompt repair service throughout their long life

You Can Depend on This Drill

You need more than good seed, well-made seed beds and productive soil to enable you to get more bushels per acre.

Most of all, you need a strong, accurate grain drill—a drill that will plant your fields evenly and cover the seed to the proper depth. One that will not clog, or bunch, or skip; one that will maintain its efficiency for many years and save your money on repairs.

John Deere-Van Brunt Grain Drills with Adjustable Gate Force-Feed, during eighty years of successful service, have become established as real money-makers for farmers.

Be prepared to get maximum yields by planting with a John Deere Drill. Come in and let us demonstrate.

GET QUALITY AND SERVICE

THIS STORE GIVES BOTH

AROUND THE TOWN

Friday of this week being Good Friday, all the stores in town will be closed.

Divine service will be held at St. Cyprian's on Good Friday at 7.30 p.m., and Sunday, April 11; at 11 a.m.

Owing to this being holiday week Mr. Anderson of Calgary, optician, will be at Chambers' drug store next on April 7th.

The annual meeting of the Innisfail Curling Club was held last week at Innisfail for the election of officers for 1926-27.

Remember the dance at Rosebud school on Easter Monday, April 5th, in aid of the Woods' Home at Okla. Come and help a good cause.

The Ladies' Aid of Knox United Church will hold a sale of home cooking, candy and Easter plants on Saturday afternoon in the Opera House. Afternoon tea will also be served.

Alex McNaughton and Alex Guy returned on Tuesday from the Sunburst Oil fields where they let a contract for the drilling of the Didsbury Oil Company's first well.

Entertainment, box social and dance will be held in the Community Hall, Hartman, on Friday, April 16th, in aid of St. George's church. J. W. Phillips has kindly consented to act as auctioneer and ladies are requested to bring boxes.

Drilling for D. Williams on a site near the Zella school, about twelve miles west of Didsbury, on the 18th inst., Cliff Bellamy struck a flowing well at a depth of 47 feet. He was working with a rock drill, and after drilling through a layer of hard rock at about 40 feet the water gushed through and rose over the top.

A meeting of the Golf Club was held on Wednesday evening of last week to discuss matters connected with the season's play, the chief item being the ground. It appears that the owner is contemplating ploughing up the present location, and it was decided to appoint a committee to try and find a new site, this committee consisting of J. A. McGhee, J.R. Miller, J. McCloy and Julian, which will report in due course.

A very enjoyable social was given by the Rebekahs on Wednesday evening of last week, when cards, refreshments and dancing comprised the three principal items of the program. W. Leadbetter won the first prize for gents, Mrs. Carleton first ladies' and Mrs. Lunt the Ladies' consolation. Everyone reports a good time. Mrs. Bellamy (piano) and Harold Clemans (violin) furnished the music for the evening.

A sample of home-grown rhubarb was brought into the Pioneer office last week by E. M. Boettger, the stalks being some of them nearly three feet in length. Mr. Boettger informs us he dug up the roots of the plant in the fall and placed them in his basement under a layer of soil. About Christmas he noticed they were showing signs of life and from then on they made such good growth that the family have since frequently been able to indulge in fresh rhubarb pie. Many of the stalks, it may be added, are in their thickest part half an inch through.

An interesting event took place last Saturday afternoon, when Miss Mae Studer, A.T.C.M. held a pupil's recital at the home of her mother, Mrs. A. G. Studer, only the pupils being present.

The pupils taking part on the piano were:—Vera Sexsmith, Janet Adams, Reba Williams, Joyce Moyle, Edith Chambers, Ethel Krebs, Alberta Metz, Happy Lowrie, Jessie McCoy, Olive Swingle, Gay Swingle, Gladys Carleson, Winnifred Studer, Melvin Huget, Leonard Berscht, and a cello solo by Evelyn Liesemer.

Each pupil taking part was presented with a pretty gift. A dainty lunch was served which was much appreciated by all.

Real Economy in Transportation

Quality is the biggest factor in economy;
Quality determines the pride you take in your car;
Quality — the finest you can buy in a low-priced car, is provided by Chevrolet.

The Quality built into a Chevrolet assures economy from the time of your purchase through the entire life of the car

Study Chevrolet quality in relation to Chevrolet cost—then you will realize that Chevrolet prices are unusually low. The experience of over two million owners has proved that Chevrolet cost of operation is small—that the motor gives a high mileage with a low consumption of gasoline and oil. Come to our showroom this week and see how quality is built into Chevrolet.

Come and find out for yourself how remarkable a value you obtain in a Chevrolet because of its "Quality at Low Cost".

EVANGELICAL NOTES.

The public is cordially invited to our Easter services. The pastor will preach an Easter sermon in the morning and a program consisting of a Contata, "From Cross to Glory" will be rendered in the evening. This Contata sets forth the resurrection Story of Christ, in some and in song, by word and deed in such a manner that it may well be counted a rare privilege to attend. The choir of about twenty voices, along with as many or more other characters will take part. The scene of the "First Easter Morn" at the Tomb, the Stone being rolled away, etc., will be a memorable one.

Mrs. D. Dippel, after spending about three weeks at High River visiting her daughter there, has returned home again.

Miss Lois Clemens and Miss Hilda Manhard, both attending business college at Calgary, are expected home for the Easter holidays.

Mr. Albert Sturm has contracted with Mr. Ezra Thede for a Summer's job and began work last week.

WORLD HAPPENINGS BRIEFLY TOLD

The Ottawa city council has set May 1 to September 25 for the period of daylight saving for this year.

The London Daily Mail reports the massacre of a party taking electrical equipment to Lhasa, forbidden city of Tibet.

A tentative statement on Alberta's production of petroleum for 1925 shows that the 1925 output in the province alone was greater than the production for all Canada in 1924.

British Columbia tree seeds are being prepared for shipment to many parts of the world for reforestation purposes by the government lands and forestry branch, New Westminster.

A new type of rudder for motor boats, by which it is possible to bring a vessel to a standstill within ten feet, with the propeller in motion, has been invented by Mr. Rylander, a well-known Swedish engineer.

2-Years' Backache Subdued by "Nerviline"

"Backache was the bane of my life, and for two years I was so lame as to be unfit for work," writes E. S. Sloane, from Georgetown. "While in Smith Bros' Drug Store, I heard of Nerviline being a wonderful pain-destroyer, so I decided to try Nerviline. Thanks to Nerviline, my two-years' backache was rubbed away, and to-day I am perfectly well."

All those who suffer from weak, aching backs, those whose muscles are stiff, whose joints are swollen, let them try Nerviline—the liniment that never fails. 35c at all dealers.

The trouble with the present generation is that it is present everywhere but at home.

A great many orators mix the oil of eloquence with the water of weak argument.

Why He Succeeded

From hard work on a farm to the study of medicine in Cincinnati, where he was graduated, was the course which Doctor R. V. Pierce took.

In his younger days he practiced medicine over a large district. It was then the new oil fields near Titusville, Pa. Finally he determined to put up some of his prescriptions in ready-to-use form in order to reach a larger number of families.

He thus early moved to Buffalo, N. Y., and established the World's Dispensary, where he put up Dr. Pierce's Golden Medical Discovery for the blood as well as the Favorite Prescription for women, carefully preparing them from roots, barks and herbs and placed them with druggists everywhere.

During the last sixty years Dr. Pierce's Discovery, for the blood, has been sold in larger quantities by druggists than any other medicine. It is a tonic in its effects on the stomach and digestive apparatus; an alterative in its action on the blood, liver and skin. It increases the appetite, stimulates the digestion, enriches the blood, and makes both men and women feel as they did when they were young and care free. Ask your druggist for Dr. Pierce's Discovery, in tablet or liquid form, or send 10c for trial pkg. of tablets to Dr. Pierce's Laboratory, in Bridgeburg, Ont.

W. N. U. 1621

Honduras Settles Old Debt

International Credit Hurt By Debt Of Fifty Years Standing

Congress ratified the agreement signed at Washington, October 29 last for the settlement of a debt to Britain contracted more than half a century ago.

The people of Honduras are gratified over the settlement because they feel that it re-establishes the international credit of this country and insures an era of prosperity.

A Honduran debt was floated fifty years or more ago in Britain amounting to £5,000,000, but before the settlement was reached it had climbed to nearly £30,000,000.

"DIAMOND DYE" ANY GARMENT, DRAPERY

Just Dip to Tint or Boil to Dye

Each 15-cent package contains directions so simple any woman can tint soft, delicate shades or dye rich, permanent colors in lingerie, silks, ribbons, skirts, waists, dresses, coats, stockings, sweaters, draperies, coverings, hangings—everything!

Buy Diamond Dyes—no other kind—and tell your druggist whether the material you wish to color is wool or silk, or whether it is linen, cotton or mixed goods.

Platts Temper Straight Silhouette

A two-piece idea is featured in this one-piece frock fashioned of figured crepe, the bodice section being joined to a lower one at the front, which attains fullness by means of double inverted plaits. The back is plain, and long full sleeves may be joined to the kimono shoulders. The convertible collar is fashioned of a darker tone material matching the patch pockets, which hold in place a narrow tie belt. No. 1288 is in sizes 34, 36, 38, 40 and 42 inches bust. Size 36 bust requires 2 1/2 yards 54-inch material. Price 20 cents.

The secret of distinctive dress lies in good taste rather than a lavish expenditure of money. Every woman should want to make her own clothes, and the home dressmaker will find the designs illustrated in our new Fashion Book to be practical and simple, yet maintaining the spirit of the mode of the moment. Price of the book 10 cents the copy.

SUNDAY SCHOOL LESSON

MARCH 28

REVIEW: THE GOSPEL OF JOHN

Golden Text: These are written, that ye may believe that Jesus is the Christ, the Son of God; and that believing ye may have life in His name. John 20:31.

Devotional Reading: John 17:1-8.

A Review By Means of Allusions

Let all pupils who recognize the allusion in each statement below, signify this after it is read. Call for the allusion and question about the lesson in which it occurs.

"I asked Chalmers to come to see me in the autumn, and he answered somewhat sadly, 'The night cometh, and I gathered from these words that he had a presage that his days were few.'"

He who stooped to heal a mother's sorrow, to comfort her heart with the assurance that she was not forgotten, stooped to heal the sorrows of a universe, and to make it clear to all that they were not forgotten.—W. M. Clow.

"If the voice of Christ is to a man as the voice of a stranger, it is because he does not belong to Christ's fold."

Where it listeth, there it bloweth; We hear the sound, and no man knoweth.

Whence it cometh or whither it goeth, And thus it is with the Holy Spirit. —Longfellow.

Here I live opposite a church, which is a terrible situation for one who prays neither upon this nor upon that mountain, and who has no prescribed hour for worshipping God.—Goethe.

"Jesus wept"—whereon is prest Full many a sobbing face that drops its best.

And sweetest waters on the record sweet.—Mrs. Browning.

She, while apostles shrank, could danger brave, Last at his cross, and earliest at his grave.—Mrs. Browning.

Relieved After Other Remedies Had Failed

Ontario Lady is Very Enthusiastic About Dodd's Kidney Pills

Mrs. P. Alexander Was Run Down, Had Pains in Her Back and Her Blood Was in Poor Condition. Nickleton, Ont. (Special).—One more tribute to the great work Dodd's Kidney Pills are doing for women of Canada comes from Mrs. P. Alexander, well known and highly respected here.

"I was very run down and often had pains in my back," Mrs. Alexander states. "My blood was also very bad. I read in the paper about Dodd's Kidney Pills and thought I'd try a box. I have tried many other medicines and they did not relieve the pain in my back. Shortly after taking half a box of Dodd's Kidney Pills I felt my pain was not so severe, so I continued taking them—three boxes altogether and can say they have no equal for kidney trouble. My father would never be without them in the house. He suffered very much from kidney trouble."

Weak, nervous, run-down women should give Dodd's Kidney Pills a trial at once.

Indians Are Prosperous

The Indians of the prairie provinces in 1925 reaped over a million bushels of grain and had on their farms fifty thousand head of livestock, according to government reports. The cultivated area of Indian lands was increased 11,239 acres during 1925, bringing the total up to 104,495 acres, and of this 66,429 acres were sown to grain.

Nova Scotia produces about 2,000,000 barrels of apples annually.

California was discovered by Sir Francis Drake in 1578.

She Could Hardly Do Her Housework Nerves Were So Bad

Mrs. I. M. Parks, Concession, Ont., writes:—"I had heart and nerve trouble, and became so short of breath I could hardly do my daily housework, and was so nervous I could not think of staying alone, as every little sound I heard felt like a shock to me."

I Saw

recommended, so I tried a box, and after taking the second one I am now feeling like a different woman."

This preparation has been on the market for the past 32 years and has achieved a wonderful reputation for the relief of all heart and nerve troubles.

Put up only by The T. Milburn Co., Limited, Toronto, Ont.

Let this great Tonic build you up!

If your body is skinny and run-down, if you can't eat or sleep, have fits of nervousness, pimply complexion, you need Tanlac to put some solid flesh on your starved bones and bring you back to health.

Tanlac is Nature's great tonic and builder. It is made, after the famous Tanlac formula, of roots, barks and curative herbs gathered from the four corners of the globe.

Get a bottle of Tanlac at your druggist's today. Start the good work at once. You'll feel better right from the first. In a week's time you'll feel like a new person.

For Tanlac gets right down to the

seat of trouble. It purifies the blood, aids digestion, helps the appetite, puts on pounds of flesh.

Millions of men and women who were once sickly and discouraged have been lifted right back to health and strength by the Tanlac treatment. Our files contain one hundred thousand glowing testimonials from grateful users.

Tanlac will help you just as it has helped millions of others. Buy a bottle at your drug store today and start the winning fight for prime, vigorous health. Don't put off good health any longer, and for constipation take Tanlac Vegetable Pills.

Answer to Last Week's Puzzle

Party Whip's Success

Henry Elvins Spencer, who has been appointed Whip of the Progressive party in Canada, is a native of Great Alne, Stratford-on-Avon, England, where he was born 43 years ago. At the age of 25 he left England to take up farming in Canada and soon acquired a quarter section (160 acres) in Alberta. He was joined a few years later by a brother from England, and today they own and cultivate between them more than 2,000 acres.

It will Prevent Ulcerated Throat.—At the first symptoms of sore throat, which presages ulceration and inflammation, take a spoonful of Dr. Thomas' Electric Oil. Add a little sugar to it to make it palatable. It will allay the irritation and prevent the ulceration and swelling that are so painful. Those who were periodically subject to quinsy have thus made themselves immune to attack.

If a cooper can't make a barrel of fun, he can at least have a staving good time trying.

Minard's Liniment for colds

NABOB TEA

"Tea as it should be"

Self-Poisoning Increasingly Common

Modern Living Habits Promote Self-Poisoning—Thousands are Victims

The average man or woman does not enjoy consistent good health. Loss of appetite, headaches, biliousness and a lack of enthusiasm for either work or play are constant complaints.

Scientists have ascertained that such a condition is usually caused by self-poisoning resulting from constipation. Due to modern living habits, the natural secretion which promotes regular elimination by softening the bowel contents, is often deficient—especially among middle-aged people. The poison from waste matter remaining in the systems of people thus affected is the insidious enemy of good health.

Such people need Nujol, because Nujol softens the waste matter and permits thorough and regular bowel elimination without overtaxing the intestinal muscles. It helps Nature help you.

Ask your druggist for Nujol to-day—and remember, look for the name "Nujol" in red on both bottle label and package.

Acting As King's Deputy
Prince George Empowered to Confer Order of Knighthood
His Majesty the King has empowered Prince George, his youngest son, who is a lieutenant serving with the British fleet in the Far East, to confer the Order of Knighthood on the Governor and Commander-in-Chief of Hong Kong, His Excellency Cecil Clementi.

The investiture took place March 13. Conferring of knighthood abroad is a rare event. The first occasion on which a son of King George was empowered to act as deputy for his royal father in an investiture of the kind was when the Prince of Wales knighted the late General E. W. B. Morrison, Ottawa, during the Prince's visit to Canada in 1919.

Why Bald So Young!

Cuticura Will Help You

To prevent loss of hair. Dandruff, usually the cause of premature baldness, may be easily removed by regular shampooing with Cuticura Soap, preceded by touches of Cuticura Ointment. This treatment keeps the scalp clean and healthy and promotes hair growth.

Sample Each Free by Mail. Address: Canadian Distributor, "The Cuticura Co., Montreal, Quebec, Canada. Price, Soap 25c, Ointment 25c and 50c, Talcum 25c. Cuticura Shaving Stick 25c.

Fine for catarrh when melted in a spoon or snuffed up the nose and vapors inhaled.

Head and Chest Colds Relieved In a New Way

A Salve which Releases Medicated Vapors when Applied Over Throat and Chest.

Inhaled as a vapor and, at the same time absorbed through the skin like a liniment, Vicks VapoRub reaches immediately inflamed, congested air passages. This is the modern direct treatment for all cold troubles that is proving so popular in Canada and the States where over 17 million jars are now used yearly. Splendid for sore throat, tonsillitis, bronchitis, croup, head and chest colds, catarrh, asthma or hay fever. Just rub Vicks over throat and chest and inhale the medicated vapors. It quickly loosens up a cold.

VICKS VAPORUB
OVER 21 MILLION JARS USED YEARLY

Settlers For Alberta.

The advance guard of the 3,000 settlers, being sent out from Britain to Canada, is expected to reach Alberta soon. Preparations are under way to see that comfortable quarters await them. They will have good houses to start with and employment will be provided where required.

MARCH WEATHER DANGEROUS TO BABY

On Account of the Very Sudden Changes in Temperature

Our Canadian March weather—one day bright, but sloppy, the next blustery and cold—is extremely hard on children. Conditions make it necessary for the mother to keep the little ones indoors. They are often confined to overheated, badly ventilated rooms and catch colds which rack their whole system. To guard against these colds and to keep the baby well till the better, brighter days come along, a box of Baby's Own Tablets should be kept in the house and an occasional dose given the baby to keep his stomach sweet and his bowels working regularly. Baby's Own Tablets are a mild but thorough laxative which never fail to regulate the stomach and bowels and thus relieve colds and simple fevers and keep baby fit. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Alberta's Coal Production

The total coal production from the mines of Alberta during the past year amounted to 5,883,394 tons, or 679,681 tons more than the total for the preceding year. Last year's figures were made up as follows: Domestic coal, 3,156,359 tons; sub-bituminous, 581,835; and bituminous, 2,145,200.

AFTER SHAVING

Dilute Minard's one-half with cream or sweet oil, and apply to the face. Very soothing and refreshing.

BAKERS' OVENS—Write for catalogue and list of used ovens. Hubbard Oven Company, 1100 Queen West, Toronto.

LEG SORES

ARE CURABLE. If you suffer from Leg Sores or Varicose Ulcers, I will send you absolutely FREE a copy of my famous book that tells how to be rid of these troubles for all time by using my remarkable painless treatment. It is different from anything you ever heard of, and the result of over 35 years' specializing. Simply send your name and address to Dr. H. J. WHITTIER, Suite 29, 421 East 11th Street, Kansas City, Mo.

Strange, Romantic Love Adventures of the Flapper you know!

Joanna

CHAPTER I.

"Be good, little girls! Dab your noses and put on your smiles. Good Morning is coming!"

It was a wonderfully sweet voice, and solemn. But there was the flavor of a laugh hidden in the mock solemnity. That was a trick of Joanna's. She had adopted it from someone. Joanna adopted all tricks of manner

sons made in variations of the incongruous pattern of the day, dabbed their noses, softened the craftiness in their too-wise eyes, and shaped smiles about their grotesquely scarlet lips. It was each day's preparation for what was a daily ceremony—the ten o'clock visit to the silk counter of "Good Morning."

"Good Morning," it may be explained, was, in a more definite way, Mr.

Did you send for me? I'm from the silks, number 27! Her very tone was a challenge.

that promised to be successful additions to her own original store of them.

Obediently, the young women who flanked Joanna behind the silk counter, a bevy of sheer, sinuous young per-

Leroy Harkness, an imposing gentleman of sleek grooming, risen to the dignity of a long tailed coat, and tremendously impressed by his responsibilities as arbiter of the world's events and, incidentally, the autocratic buyer who rules the destinies of the silk department. Promptly at ten o'clock each morning. The store opened at nine. Mr. Harkness, freshly magnificent, tapped his fingers on the spread of the silk counter, encompassed each of the young women behind it with a friendly condescending glance, and said to them collectively:

"Good Morning!"

There was much rivalry among the servitors of satin as to which of them first would see "Good Morning" down the aisle and announce his coming. And if, by any chance, "Mr. Good Morning's" eyes rested a little longer on one rouged face than on another among his silk counter nymphs, why, there was a full day's scandal ahead.

It happened often; too often. Joanna herself had been bothered a bit of late, because "Good Morning" had fallen into the habit of looking at her, more and more speculatively. The morning before she had decided she could not ignore that meaningful look in the buyer's eyes any longer, and had tilted her chin at him. She was prepared to do it again.

But, strangely, "Good Morning" was not approaching in his usual languidly majestic manner. His expression was stern, as if he carried new matters of importance. He didn't stop at the next counter, but came right along. "Good Lord," exclaimed the young person on Joanna's right. "He has a frown. Somebody's in for it!"

Joanna struck her pose. Joanna had many poses, one for every circumstance. For "Good Morning" she had rehearsed a way of elevating her

chin, putting her hand to the back of her head so that her elbow and forearm would show off well, and fixing the other on her hip. The effect in her mirror had been extremely satisfactory. But her hand fell from her hair and the one at her hip flopped down suddenly.

Mr. Harkness had no mornings for any of them. He walked directly to where Joanna stood and stopped, abruptly facing her. There was neither smirk nor smile in his half closed eyes. Once he had interrupted an unfortunate shoplifter, and had looked at the trembling young woman in just that manner.

"Miss Joanna," he said, his words sharp and evenly cold, "Have the goodness to go at once to Mr. Graydon's office. You are to be spoken to, by Mr. Graydon himself. At once, if you please."

Pencils dropped to the floor behind the silk counter unnoted. Eyes stared. Blank faces turned upon the startled girl. And she stored into the fatuous face of the man across the counter as if he had woven her in some evil spell.

Mr. Harkness was, no longer, "Mr. Good Morning." He was an ogre; the serf of a tyrant and bearer of a tyrant's summons. He stood there, cold, immovable, piercing. Waiting; waiting for Joanna, Joanna of the gold brown hair that had watched him on other mornings, to hurry away at this unheard of bidding.

For, so far as the record was remembered at the silk counter, no other girl employee had been summoned into the awful presence of the "Old Man." It augured but one thing. That thing shaped itself in Joanna's mind almost instantly. She had offended a customer; unconsciously, perhaps, but offended one; and an important customer; one who had the ear of the mysterious, unapproachable, thoroughly unknown "Old Man." And that meant, dismissal!

Striking Medical Testimony

The definite decision by eminent medical authorities that cancer is caused by dietetic errors common to civilization is of vital importance to sufferers. The necessity for including in the dietary regular quantities of uncooked fruit and vegetables is insisted upon, as the process of cooking robs them of their valuable salts. The new method of treatment consists, therefore, of giving patients regular quantities of the assimilable "salts" of potassium, and placing them on a dietary which is rich in potassium in its natural condition. The results are proving so highly successful that medical men are recommending or adopting it on behalf of their patients. The following is only one of a large number of similarly encouraging letters we receive from doctors proving the great value of the Cantasslum Treatment to patients suffering from cancer:

Oct. 2, 1924, Colchester.
"Having tried your 'Cantasslum' on a patient, commencing July last, I was surprised to learn from her today that her two sarcomatous breasts, with frequent pain, have almost vanished. Please send me another 'Cantasslum' treatment, for which I enclose cheque."

Yours faithfully,

Dr. H. W. L.R.C.S.

A FREE BOOK, fully explaining the above treatment, has been written for sufferers or any one interested in the most successful method of fighting "The Cancer Scourge." Applications for this book should be addressed to Charles Walter, 51 Brunswick Avenue, Toronto 4, Canada. Sole Canadian and U.S.A. representative. The Cantasslum Co., England.

The buyer's fingers began to drum, warningly, on the counter. A summons to the office brooked no delays. He didn't know what nor how the Old Man so much as knew the name of the unimportant Joanna who, despite that gold brown hair and the captivating poses, was, after all, only "Number 27 in the silks." Graydon, owner of the city's largest department store, was not the sort who knew certain ones of his hundreds of young women clerks by name. A few of the managers were that sort; not Graydon.

"I believe I said, 'at once,' Miss Twenty-seven," Mr. Harkness repeated, icily. "I should advise that you interpret that as meaning 'now!'" And then he added the aftersting that brought quiver to the grotesquely scarlet lips; the quiver that the girl bit at and repulsed viciously; "I fancy, Miss, that the other young ladies will conduct the counter satisfactorily until you return from your interview!"

Joanna could have choked him for that. Even in her trouble she remembered the different tone of him and the different light in the eyes of him on the morning of the day before when she flushed under his fawning. He knew, she reflected, that she was going up to the taunting dignity of being dismissed by the owner. His code demanded that he have no consideration for even such a one as she, if she were to go into the owner's black book. But Joanna was Joanna.

"So sweet of Mr. Graydon to send you along for me!" she murmured. "We were discussing you just last evening, you know—Mr. Graydon and I. I was telling him what a nice little boy you are—and shall you run along now, or shall you show me the way?"

If she was going to be discharged she'd leave behind her something to be remembered by! She'd waited a long time to shoot something like that at the supercilious "Mr. Good Morning."

She glided in the smothered gasp which choked in the throat of the girl next her.

"I'm 27. Did the Old—Did Mr. Graydon want to ask my advice about the business today?"

The secretary ignored the affectation.

"Oh, so you are Joanna!" she said, simply. "I sent Mr. Graydon's summons to your department chief. I don't know what it is, but I'm sure it's important. I'll tell him you're waiting."

Joanna, urged by the secretary, found a chair. Somehow the atmosphere of the Old Man's office worried her. It wasn't what she'd expected. Not at all in keeping with the most approved disclosures of old men's dens on the movie screens. It was startling bare, and solid, and sedate. And the secretary wasn't as an owner's office assistant should be. Not even pretty. That is, not pretty according to the silk counter standards. She was pale, and needed touching up at the cheek bones. Joanna could have shown her how to lay on one of red, three of blue, rub it in, and white with Florette's pink. And she wore no bracelets or bangles or, even, the dangling jet ear rings which were the mode.

Really, she must be stupid, that secretary of the Old Man's, and with her opportunities! Still—something about her fascinated Joanna. Miss 27 caught herself rubbing at her lips and wondering if she'd marked them too red that morning.

(To be continued)

Little Helps For This Week

Withold not good from them to whom it is due.—Prov. iii, 27.

Be quick to praise, be slow to scorn. For what the future holds—who knows?

Today the vine has a thorn. Tomorrow brings the rose.

There are a few hardy souls that can struggle on stony soil, shrubs that can wait for the dew and sunbeams, vines that will climb without kindly training—but only a few. Utter the kind word when you can, give the helping praise when you see it is deserved. The thought that "no one knows and no one cares" blights many a bud of promise.

Worms sap the strength and undermine the vitality of children. Strengthen them by using Mother Graves' Worm Exterminator to drive out the parasites.

There is reason to all things, but it's different with some people.

be in the neighborhood of \$350,000.

G. H. Thompson, acting general superintendent of the company, was in Red Deer on Wednesday night when the proposal was discussed with officials of that town. Before he returns to Calgary he will also discuss the matter with officials of the towns of Olds, Didsbury and other points.

"If the proposal we have outlined is accepted," said Mr. Gaherty, we will proceed with the work at once. There won't be anything definite about the matter until the proposition has been accepted by these towns.

He said that the south line would only be built so far as High River this year, the proposal being to also take in the town of Okotoks.

The company, said Mr. Gaherty, has no intention of distributing electrical energy in these towns. The proposal is to sell it to the towns or private corporations that may be operating plants in the bulk. Private corporations are now operating in Olds and Okotoks.

Cambridge Wins Historic Boat Race

Cambridge won the 78th intervarsity eight oared race at Putney (England) last Saturday, March 27th.

Cambridge won by five lengths in 19 minutes, 29 1-2 seconds. The Oxford crew could hardly finish.

At the start there was little to choose between the two eights, although Oxford was slightly the favorite. It was a gruelling race, from the beginning at Putney over the four and one quarter mile course to Mortlake, but when Cambridge flashed over the line, hardly a man in her boat seemed in distress, while several of the Oxford crew were in a state of collapse.

The official time was 19 minutes 29 seconds, which is just a minute slower than the record established by Oxford in 1911.

Oxford won the toss for position and chose the south side of the river. The dark blues led slightly for most of the first two miles, but did not seem to have much in reserve. Then Cambridge, although rowing in somewhat longer course around the big horseshoe bend at Hammer-smith took the lead and maintained it to the end.

At the mile mark Oxford led by six feet.

The victory was the 37th for Cambridge, and the third in successive years. Oxford has won 40 times. The race in 1877 was a dead heat.

Last year's race ended sensationally when the Oxford crew was forced to abandon the contest owing to the water-logged condition of their shell.

Racehorses Burned to Death at Calgary.

Fourteen valuable thoroughbred racehorses were burned to death, and two others were killed by a C.P.R. train after escaping from the burning barn, when fire completely destroyed barn No. 43 at Victoria Park, Calgary, at 2 o'clock Sunday morning. Twelve of the horses were owned by Robert Emmert, of Winnipeg; two were owned by Mike Smith, of Calgary; one by I. V. Parslow, of Calgary; one by J. H. Goddard, of Calgary.

The horses burned in the fire were valued around \$30,000, and only a few were covered by insurance. The barn, which is owned by the Calgary exhibition Board, was completely destroyed. An adjoining barn was also set on fire and was badly scorched before it was gotten under control.

No horses were burned in this barn the owners having turned them loose when the barn seemed in danger. All but a few of the horses had been rounded up at a late hour last night.

Easter Sale.

Cressman Bros.

A Treat for Didsbury.

As a special attraction at the Didsbury Opera House, April 7, no more popular comedy could have been chosen than Cyril Maude's phenomenal stage success, "Grumpy." This sparkling, four-act play enjoyed extremely popular runs both in England and America and its appeal is just as strong as ever. And the reason is not hard to find. Not only does it contain an intensely thrilling and exciting plot but it also abounds in clever comedy. This is a rare combination in modern plays and theatregoers everywhere show their appreciation of this in no uncertain manner.

Eugene C. Davis, the producer of "Grumpy," comes to Didsbury direct from the New Empire Theatre, Edmonton, where he is staging the same play this week. It is rarely that an attraction of

this calibre is booked in this district and undoubtedly all lovers of clean, wholesome, worth-while drama will pack the Opera House to the doors on April 7th. Only by such wholehearted support of superior road attractions can a production of this type be encouraged to come here.

Theatregoers can therefore rest assured that a real treat is in store for them on April 7th, when Mr. Davis and an All-Star cast will present this dramatic masterpiece. Miss Maxine McLeay, the star of numerous stage success, will be the leading lady, while Maurice Sanderson, Eva Bashor, Eddie Maloney, Edward Ferguson, Jack Anderson, Wilfred Wees, and Marguerite Dodds will lend strong support.

Only one performance will be given in Didsbury and patrons are strongly advised to reserve the date.
